**LandJet International, Inc. ~ Elkhart, IN 46514 ~ (866) LandJet
2011 Executive Coach**

VEHICLE MISSION:

This vehicle has been designed to provide a comfortable environment and optimum working efficiency for a Senior Level Executive and Support Staff while transit and when deployed to a remote location. This design provides laptop computer workstations as well as multiple conferencing configurations.

INTERIOR DESIGN:

The interior design is of high quality materials using state of the art technology to achieve precision fitting of all components. Vehicle complies with all Federal Motor Vehicle Highway Safety Standards.

AMMENUTIES:

The under sofa refrigerator and a microwave oven will provide hot and cold refreshments and quick meals as well. A sleep area is provided for one (1) individual using the powered bi-fold rear sofa

SEATING:

Vehicle seating (including driver and passenger) will accommodate a total of ten (10) passengers. All seating is high quality materials and soft touch leather style covering. Using swivel release mount pedestals the four (4) center captain's chairs can be manually reversed to allow for executive collaboration. The two (2) forward captain's chairs will have power footrests and will fully recline for relaxation while in transit.

WORK STATIONS:

There is a total of seven (7) working stations to include one (1) Executive Desk Work Station, and five (5) Executive deployable JetDesk computer tables. Each station has individual overhead lighting for nighttime travel as well as Personal Reading Light. 110v AC and 12v DC power is also available as well as access to Cat-6, USB, VGA, AUDIO and HDMI Networks for sharing information & Conferencing.
